

I'M RUNNING  
FOR U.S. SENATE  
BECAUSE I BELIEVE  
IT'S ABOUT MORE  
THAN WHAT ONE  
PERSON CAN DO.

Thank you  
for supporting  
Chris.  
We need  
good people  
at all  
levels.

HOW MANY TIMES DO YOU HEAR POLITICIANS TALK ABOUT  
"THEIR ACCOMPLISHMENTS?" I BELIEVE IT SHOULD BE ABOUT

**"OUR ACCOMPLISHMENTS."**

As a **U.S. Senator** I will be proactive. I will mobilize people to march for greater access to affordable **healthcare**, empower people to call their elected officials to **protect immigrants**, and encourage neighborhood teams to let people know what they can do to **support our schools**.

As a **veteran, mother, and advocate** I realize the only way we'll tackle issues of **education, wealth inequality, and criminal justice** reform is by fighting for policies that **work for all of us**, rather than a select few.

## I BELIEVE WE CAN ALL BE **THE CHAMPION OF OUR PEOPLE.**

My life's work has been about serving with others and realizing it's never just about me. In 2001 I joined the **Air Force** where I organized troops and equipment out of Dover to bases overseas.

Since then I've focused on leadership development of our communities through working for organizations such as the **Metropolitan Wilmington Urban League** and also through my role as **Kent County Organizer for Network Delaware**.

Also, in my community organizing work with groups such as the **Center for Popular Democracy**. Now I get to **empower people** to act on issues we believe in such as the **Affordable Care Act**, **DACA**, and making sure the wealthy pay their fair share.
