

## COMPTROLLER

Of all the people who frequent Levy Court, this young man is the one who has proven time and again that he is not afraid to stand up for the people's right to know and be properly represented. During a time when the Levy Court has been controlled by a heavy handed Democratic administration Rick Barros has kept everything even, honest and above board during times when, had he not been in office, the citizens of this county could have been cheated of the fair and honest government that they deserve. Rick has earned, and rightly so, the reputation of being a watchdog over the county's finances. There is never a dollar spent that doesn't catch his inquisitive eye. Kent County really needs four more years of Rick Barros as Comptroller.

## REGISTER OF WILLS

It has been said time and time again that you can never tell a book by it's cover but in this case that old cliché is well worth using. Ray Book, during his four years in office has significantly reduced the amount of dollars owed from a Democratic administration. Ray has made the difficult task of Register of Wills easier by putting into operation a photo copying system enabling accurate records to be kept of every will filed in Kent County and assuring those residents who must come to him, in time of need, that all of the legal complications surrounding wills are smoothed out. Ray has helped many hundreds of people in the last four years and will help hundreds more in the future to come.

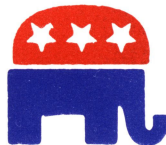

## PROTHONOTARY

Not many people know exactly what the duties of a Prothonotary are. One man does, however, and promises that when elected he'll devote more than full time to the office. There are literally thousands of required filings in the books of this office and Dave Bonar is the man to see that they are properly recorded and maintained. The Prothonotary's office is seldom the scene of much political controversy, but the time has long since passed to see that such an important job is filled by a qualified Kent Countian. Be sure to vote for Dave Bonar to fill this important office with responsibility for the next four years, and rid the county of politicians that "freeload" off the county budget.

## SHERIFF

If ever a man deserved respect and commanded authority it is Cowgill "Zeke" Barnard. This is a man who has served his county as State Senator, State Representative and now as a Federal Game Warden. Zeke Barnard is a man who will stand for no nonsense and will demand that every important matter directed to the Sheriff's office will receive the prompt and accurate attention that it requires. Zeke Barnard is another of the grass roots longtime Republicans that so adequately fill our county ticket this year. A vote for Cowgill Zeke Barnard in November will ensure a qualified and dedicated man as Sheriff for the coming term.

## 16th DIST. SENATOR

Bill Cathell represents the type of concerned candidate the 16th District needs as senator. For years now the only time you hear his opponent is at press conferences and during election year at your home.

Bill Cathell pledges to you total support and constant availability. A grass roots Republican, Bill Cathell is concerned about state government and wants to insure that the residents of the 16th are duly served.

## 17th DIST. SENATOR

William J. Storey . . . Celebrated attorney and former judge of the Superior Court. Judge Storey, a native Kent Countian served for fifteen years as a judge in Superior Court. Prior to that he practiced law for 28 years in the Dover area. Bill, as he now likes to be called, is a member of various civic organizations, and has stepped into leadership positions many times in the past. Judge Storey, has gained the reputation over the years of being very strong on law and order, and as senator would most certainly be beneficial in strengthening Delaware's criminal justice system.

## 18th DIST. SENATOR

John Kramedas, a long time, prominent, businessman in the Dover area and former Federal State Hiway Safety Co-ordinator is a shining example of the type of senator needed for the 18th Senatorial District. John has already demonstrated his feeling for fellow residents, particularly those residents living on farmlands and in areas which have yet to be developed. Very seldom are residents able to find the caliber of man as is John Kramedas.

## 30th DIST. REP.

The residents of the 30th District are indeed fortunate to have Bob Riddagh returning to be of service to them. Bob has already demonstrated his ability as a legislator, and gained the reputation of a tough law and order candidate who believes in telling it like it is. Bob was one of the chief doers in this past General Assembly as majority whip, and when re-elected will continue to serve the responsible residents of the 30th District with the dignity and fairness they deserve.

## 30th DIST. LEVY COURT

Qualified and successful businessmen seldom have time for politics when they run small operations. Here's a gentleman who for a number of years has been active in his district and interested in seeing that the local residents are well represented in Levy Court. Sherwood "Don" LaShomb, is filling the shoes of a mighty great servant but, Don has many years ahead in which to make some achievements of his own. Don is the type of man who listens and weighs both sides before acting. This is the type of man who can carry on the concerned tradition of the 30th Levy Court District. Don LaShomb is the type of Levy Court representative that the 30th District needs. He's a man who stands on his own two feet and is not just another part of a political machine. His opposition can certainly make no claim like that.

## 31st DIST. REP.

What more can you say but outstanding, when it comes to the example already set forth by Art Dobberstein. While only a freshman legislator, Art has demonstrated his ability as a leader and one who helps his constituency over and over again. Art's record speaks for itself. During the time that he has been in office he has missed only one session. This is a far better record at attendance and voting on matters that count than anyone from the opposite side of the aisle can claim. Art Dobberstein, a quiet man of action, not just useless promises.

## 31st DIST. LEVY COURT

Levy Court needs a guy like Greg Kirkwood. Greg, a retired Air Force Major, is a leader and enthusiastic worker who will ensure that county government is aimed at the good of ALL the people of Kent County, instead of a chosen few. A naturally aggressive man, Greg Kirkwood will set the record straight and help rid county government of those pre-arranged decisions that have become so much a part of Levy Court during this administration.

## 32nd DIST. REP.

J. Ronald Fidler is the county selection for representative in the 32nd District. Ron is the type of man who personifies exactly what the General Assembly needs and needs right now. Fairness and honesty are items which are extolled time and time again. Ron has pledged total support of the residents in his District. That's why Ron Fidler should represent the 32nd District.

## 33rd DIST. REP.

Mickey Effinger is really hot stuff for the residents in his district. He's the type of man who'll never back down under pressure, and will stand for what he and the citizens in his district is best for their area. A vote for George Mickey Effinger is a vote for good state representation in the truest sense of the word.

## 34th DIST. REP.

Dick Wright has come to the forefront of county politics as a man who is seriously concerned with the quality of representation that has been presented to his constituents in the past. They have received far less than they deserve. Dick promises to let no man step over him or the residents of his district when it comes to things that affect their daily lives. Just an ordinary man who far out-distances anyone else in his district in his concern about the people's right to good government.

## 34th DIST. LEVY COURT

Here's a man who is a striking example of grass roots Republicanism. Leon Pleasanton has seen it all during his years as a native Delawarean. Pledged to honesty and fairness when he's elected, Leon is the man who can set Kent County government in the right direction and keep it going that way. The county is indeed fortunate to have a candidate for Levy Court Commissioner such as Leon Pleasanton.

## 35th DIST. REP.

Virginia Winkler is the finest of ladies, and deserves more than anyone else in her area, to represent them in the General Assembly. This is a woman who has worked for years as a grass roots Republican and knows what her district wants and needs. She's not afraid to listen either. A vote for Virginia Winkler is a vote for the feminine scrutiny needed in state government.
